No. R. 10777—*Ft.* 81-08-6; *dated* 21*st June* 1909.

In supersession of the rules issued under Notification No. R. 1051—Ft. 185-06-6, dated the 17th August 1908, the Government of His Highness the Maharaja of Mysore are pleased to prescribe the following rules for the conduct of prospecting and mining operations in State Forests and such District Forests as may be specially brought within the scope of these rules, and lands under special protection.

Exploring licenses.

1. The holder of an exploring license shall obtain from the District Forest Officer permission to enter upon and explore for minerals in any forest lands within the area to which the license applies.

2. Such permission will ordinarily be freely granted, but will not entitle the licensee to cut or injure any forest growth or to dig or turn up the surface of the land to a greater depth than three feet and the licensee must, before leaving the locality, fill up any excavations which he may have made, to the satisfaction of the District Forest Officer.

3. Should the licensee desire to make trenches or sink pits to a depth greater than three feet he must obtain the sanction of the District Forest Officer in each case and pay compensation at the rate provided hereunder for any forest growth which may be injured or destroyed, and shall undertake to fill up all excavations to the satisfaction of the District Forest Officer.

Prospecting licenses and mining leases.

4. No prospecting license or mining lease shall ordinarily be granted in forest lands except with the sanction of the Conservator of Forests.

Prospecting and mining operations will generally not be permitted in plantations, coupes which have been worked over and in tracts containing specially valuable growth of sandal, teak or other species of trees.

5. Before commencing any prospecting or mining operation in any forest lands, the licensee or lessee or his duly authorized agent or representative shall give notice to the District Forest Officer of his intention so to do, and shall at the same time forward to the District Forest Officer a statement of the area or areas proposed to be operated upon and their dimensions and a sketch map on a suitable scale showing the said area or areas and their relative positions and shall deposit with the District Forest Officer the amount of compensation due on the said area or areas calculated in accordance with Rule 9. Each area to be operated upon, except such as may be required for a railway, tramway, road or footpath, shall be in the form of a rectangle, of which no side shall be less than ten yards long, and shall be defined by cairns of stones. Each area shall be distinguished by a letter of the alphabet in the abovementioned statement and map.

A consolidated statement and a complete map shall be maintained up to date and kept on the prospecting or mining block by the person in charge of the operations.

6. In any prospecting or mining block the total area which may be operated upon or cleared of forest shall not exceed 25 acres except with the permission in writing of the District Forest Officer; and no railway, tramway, road or foot-path shall be made without such permission. Such permission will be granted from time to time in each case for an area not exceeding 25 acres on the application of the licensee or lessee, provided that the additional area is required for the *bona fide* extension of prospecting or mining operations.

The areas operated upon shall include all those the surfaces of which have been opened up by means of pits, trenches or other excavations or covered with earth, stones, debris, machinery, buildings, etc., or upon which the forest growth has been injured or destroyed or over which any railway, tramway, road or footpath has been made.

7. In the case of all buildings, machinery or other structures erected upon the block and in the case of every place where fire or lights are used at any time or round any working or dwelling place where the District Forest Officer considers it to be necessary for safety, the forest growth shall be cleared for a distance of ten feet round the limits of such structure or place to such extent as the District Forest Officer may require.

8. As soon as possible after the receipt of the statement and map referred to in Rule 5, the District Forest Officer shall prepare a bill for the amount of compensation due at the rates specified hereunder and after crediting the amount deposited under Rule 5 shall adjust or require the licensee or lessee to adjust any balance as may be necessary. In default of payment the District Forest Officer may, at his discretion, stop all further operations and take steps to recover the amount due as a revenue demand.

In the event of any area not included in the map and statement required by Rule 5 being found to have been operated upon, the District Forest Officer may, at his discretion, stop all further operations and recover compensation for the same at double the rates provided hereunder.

9. The licensee or lessee shall—

(a) Pay a lump sum for the value of forest growth and for damage and disfigurement to the surface on all areas operated upon or cleared at the following rates :—

(1) In State Forests or Reserved lands	High and Pole Forests, Rs. 100 per acre.	
	Other forests, including scrub, Rs. 50 per acre.	
(2) In District Forests which have been specially brought within the scope of these rules.	High and Pole Forests, Rs. 50 per acre.	
	Other forests, including scrub, Rs. 25 per acre.	

(3) For railways and tramways and for roads on which traction engines are used at the foregoing rates.

(4) For ordinary cart-tracks and foot-paths, at the rate of Rs. 25 per mile.

(b) Undertake not to cut sandalwood except with permission of the Forest Department and on payment of an extra charge to be fixed by the Conservator.

N. B.—The decision of the Conservator of Forests as to whether any particular forest is high, pole or scrub, shall be final.

10. The licensee or lessee shall not fell, girdle or lop any tree outside the area or areas shown and described in the map and statement referred to in Rule 5.

11. Nothing in the foregoing rules shall be taken to exempt the licensee or lessee or his employees from liability in respect of any forest offence punishable under the Mysore Forest Regulation, 1900.

purpose, viz., for extending the Chikballapur town and for constructing a Mission Hospital and a travellers' bungalow; and under Sections 7 and 13 (c) of the said Regulation, the Assistant Commissioner, Chikballapur Division, is authorized to take order for the acquisition of the said lands:—
